

Successful treatment of acneiform scarring with CO₂ ablative fractional resurfacing.

Chapas AM, Brightman L, Sukal S, Hale E, Daniel D, Bernstein LJ, Geronemus RG. Lasers Surg Med 2008;40:381-386

An innovative device for fractional CO₂ laser resurfacing: a preliminary clinical study.

Cassuto DA, Sadick NS, Scrimali L, Sirago P. Am J Cosmet Surg 2008;25(2):97-102

In vivo histological evaluation of a novel ablative fractional resurfacing device.

Hantash BM, Bedi VP, Kapadia B, Rahman Z, Jiang K, Tanner H, Chan KF, Zachary CB. Lasers Surg Med 2007;39:96-107

Ablative Fractional Lasers (CO₂ and Er:YAG): A Randomized Controlled Double-Blind Split-Face Trial of the Treatment of Peri-Orbital Rhytids.

Karsai S, Czarnecka A, Jünger M, Raulin C. Lasers Surg Med 2010;42:160-167

Long-term efficacy of a fractional resurfacing device.

Ortiz AE, Tremaine AM, Zachary CB. Lasers Surg Med 2010;42:168-170
